2019 SHARED LEARNING CAMPUS STUDY & SHARED LEARNING VET COURSES

The One+ Campus comprises three schools; Gleeson College, Pedare Christian College and Golden Grove High School. We are committed to excellence in teaching and learning and we work creatively and collaboratively to expand learning opportunities. We have worked in partnership to grow student pathways and opportunities for success. This has been a strong feature of One+ for 30 years serving approximately 2,500 students on our Campus.

One+ is a vibrant collaboration that enhances the learning opportunities for all students in our campus schools, enriched by innovation and choice.

Shared Learning – What is it?

Students studying SACE (Year 11 and Year 12) have several options to personalise their educational pathway:

+ Shared Learning VET - In line with the One+ principle of Shared Learning VET, students may study one or more of these courses. The course may include students from all three schools and may be hosted by a teacher from any of the schools or by an external training provider.

+ Campus Study – At SACE Stage 1 or Stage 2 students may elect to study any one Campus subject. This means attending a subject hosted at one of the other schools on the One+ Campus.

It is common for students to make use of these enhanced subject opportunities when one school offers a specialised course of interest or in order to best fit a student’s desired pathway. This effectively provides flexibility in student timetables to study a subject their home school may not offer.

Taking advantage of Choice, Opportunities, Success

The process for identifying interest and intent to study Campus subjects or via Shared Learning VET is as follows:

+ Indicate interest on your online selections.
+ Attend your Course Counselling session to discuss your interest. At this time you will be provided with advice on the suitability of this course for your identified pathway and formal application paperwork and processes will be explained.

+ Return the completed application form to your own school.
+ *Class viability will be determined by demand and staffing.

Support in Learning

All students taking advantage of Campus Study or Shared Learning VET are inducted and supported in their study outside their own school. Progress checks and communications between schools is routine.

To see what Shared Learning may offer to enhance your pathway, visit each school’s Curriculum Handbook.
