

# Get Connected—WiFi

When at school, you need to connect to the school's WiFi network

## GGHS Wireless

▶ Left click on the network icon

▶ Click on the GGHS wireless network

▶ Check 'Connect automatically'

▶ Click, 'Connect'

▶ Enter your school email address and password, then click 'OK'

▶ Click 'Connect' to continue

# Common misconfiguration

WiFi

- Check that the network is set to private

- Right click on the wireless icon

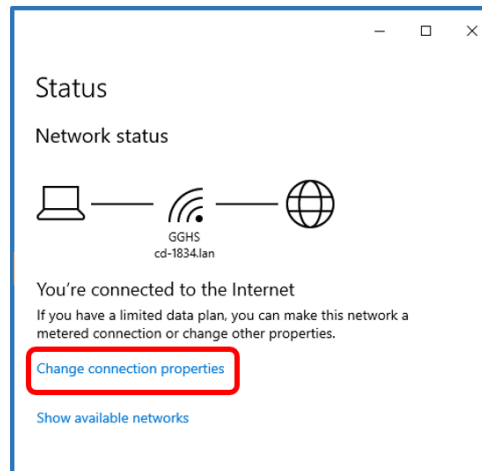

- Left click 'Open Network and Internet settings'

- GGHS should be listed as a 'Private Network'

- To change from a public network to private, left click on 'Change connection properties'

- Click on 'Private'

## Network profile

Public

Your PC is hidden from other devices on the network and can't be used for printer and file sharing.

Private

For a network you trust, such as at home or work. Your PC is discoverable and can be used for printer and file sharing if you set it up.

[Configure firewall and security settings](#)

- Once completed, left click close. Confirm that GGHS is listed as Private
